COLEMAN JOTTINGS

Happenings of Interest in and Around This Bustling Town. You Are Talked About

We shall thank our readers for all items of interest which they may be able to furnish us for publication. Phone 644. P. O. Box 179.

Sunny Southern Alberta.

A. E. Mackie, of Bellevue, has returned to Coleman.

W. H. M. Connell, of Macleod, was in town this week.

Dr. Talbot visited Boisjars' lumber camps this week.

Things point to a very prosperous year for Coleman.

Rev. T. M. Murray performed ministerial duties at Corbin on Thursday.

J. W. Bennett of the I. C. S. was doing business in town this week.

FOR SALE—Edison Travellers' Moving Picture Outfit, complete.—Apply at Miners' office.

Rev. T. M. Murray will exchange pulpits with Rev. T. Taylor, of Frank, on Sunday next.

Mrs. Chas. Henderson left on Monday morning for the Coast after spending the winter with Mrs. Dan James.

Mrs. Dan James and children left on Monday to spend several months with her sister, Mrs. J. Wright, of Portland, Oregon.

Cash carriers have been installed in the Coleman Hardware building. Another proof that Coleman is getting more like the large cities every day.

Rev. James Sargent will conduct Baptist service in the Odelltown hall, Coleman, on Sunday next.

The Coleman Aerie of F. O. E. have purchased the vacant lot near the Eagle restaurant and intend erecting a building there sometime in the near future, to be 75 x 50 and 28 feet in height.

Dairy Wolstenholme, of Blairmore, had a vicious runaway in town on Tuesday afternoon last which resulted in damaging his milk cans and demolishing his wagon.

Rev. E. H. Bott, of Fishburn, will be at Coleman on Sunday and will conduct Divine services in the C. of E. church here on that day; holy communion at 8:30 a.m. and preaching service at 7:30 p.m.

The Coleman Aerie of F. O. E. will hold a memorial service in the opera house here on Sunday afternoon, March 28th, at 2:30. Rev. T. M. Murray will preach to the brethren. A cordial invitation is extended to all to be present.

Among the prominent men coming to assist in the evangelistic campaign, which will commence here on April 4th, are the following: Prof. Kilpatrick, Principal Patrick, Clarence McKinnon, W. D. Reed, Ralph Connor and D. J. Morrow.

A communication signed "A Resident" is withheld from publication this week because the writer did not attach his own name. The matter complained of is a very important one and if the writer will give us his real name we shall publish it in our next issue.

Many improvements have been recently effected in the Pastime Pool Room. The interior has been nicely painted and varnished which gives it a striking appearance. Contractor Davis has also been busy there and has removed the posts and has installed supports on the sides.

BORN.—On the 12th inst., a son to Mr. and Mrs. Percy Willimott.

On the 14th inst., a son to Mr. and Mrs. Tagos.

On the 15th inst., a son to Mr. and Mrs. Emmerson.

Constable Parish is confined to his bed with acute tonsillitis.

Mrs. J. McAlpine, proprietress of the Pacific hotel, has been ill in bed for the past three or four days but is improving.

The dance given by the Finns, in the Eagle's hall, on Tuesday evening last, in aid of the Socialist party, was a great success.

J. R. Kerney, inspector for the Royal Insurance company was doing business here this week. He was pleased with the general appearance of the town.

G. L. and T. A. Taschereau, moving picture men of Fernie, are in town and gave a performance in the opera house last night and also appear there again tonight.

Sailor Woods was admitted to the hospital after the fight on Tuesday night, on account of temporary injuries received. He was able to leave the following day.

We are pleased to report that D. J. Hill who has been suffering from injuries received at the opera house on the night of the I. O. O. F. ball has somewhat improved and is able to be about again.

On Tuesday evening a young man who recently came west from Hamilton, Ont., wanted to raise a rumpus in town but was prevented from carrying out such a procedure by the police who have since been supplying him with free board.

No beds could be obtained on Tuesday night at any of the hotels or boarding houses as they were all occupied. Although this looks well for the thriving condition of Coleman, some efforts should be made to accommodate the travelling public.

The Kerry Gow company which appeared at the opera house on Wednesday night under the auspices of Coleman Aerie, F. O. E. was greeted by a large and appreciative audience. Many who saw it said that it was one of the best opera companies that have ever played in Coleman.

A very unwelcome visitor in the shape of a cow, makes a nightly visit around the back of the Coleman hotel about midnight and some of the inmates whose business keeps them out late some nights would very much rather for that animal to betake itself to a shady grove some distance back of the town, or rid itself of that very annoying bell.

Honore J. Jaxon, of Mistawasis, Saskatchewan, came to town on Saturday and went west on Monday. During Mr. Jaxon's stay here he took several views of the mountains and natural scenery and also took one large panoramic view from one of the high hills north of the town. Mr. Jaxon appeared on the platform at the Socialist meeting held on Sunday night and delivered a very able address. Besides being a great lecturer Mr. Jaxon is a writer and we believe that when he arrives at Chicago he will have something good to say about this western country as he was pleased with every thing he saw.

POLITICAL MEETINGS

A series of political meetings were held at the different towns in the Pass during this week. All three candidates met on the platform and presented their cases. The meetings were well attended and in no case did the candidates resort to personalities.

Mr. Acheson who presented the case against Socialism on Thursday evening in the Eagle's hall, had his subject well in hand and ably dealt with the subject. We are sorry that we are unable to give a complete account of the speeches of the different speakers.

The Socialist stands on his platform, the Conservative does the same, while the Independent stands on them all.

May the best man win.

NOTES.

Vote for the man.

Set party politics aside and vote for the man.

The Independent is as good as out of the fight.

Read the Conservative platform and be convinced.

Do not stay at home. The only way to protest is to vote "agin" the government.

Protest against the unjust redistribution bill by voting for the Conservative candidate.

Vote on principal. Do not take your own party politics seriously. It's bad for the country.

"Loans to Settlers" and "Initiative Referendum and Recall." If you vote against these planks you vote against your own interests.

The fight has now settled down to one between the Socialist and Conservative candidates with prospects slightly in the Conservative's favor.

EARTHQUAKES IN JAPAN

Ottawa, March 17.—According to a dispatch received by the Canadian consular agent at Yokohama, severe earthquake shocks have occurred in Japan. The dispatch read: "Severe earthquake, Canadians safe." No definite information has been received as to the actual extent of the disturbances and damage, but distinct shocks were recorded at the Dominion Observatory Friday evening and Saturday morning.

Mrs. C. Stives of Cranbrook, is visiting Mrs. Jas. McNeill.

The moving pictures at the opera house last night were the best ever shown in Coleman. The Messina pictures and many others will be shown to-night.

A. W. Wright, who has been engaged on the MINER during the past several months leaves this evening to take a position at Regina. We wish him success. Mr. Archibald of Michel has taken Mr. Wright's place on the MINER and arrived here yesterday.

D. L. Stauffer, who has been head electrician here during the past year, handed in his resignation to the International Coal & Coke Co. last week, and left on Friday last for Vancouver, where he has secured a good position with an intimate friend of his. Mr. and Mrs. Stauffer have a host of friends here all of whom were very sorry to see them leave, but they wish them all happiness in their new home.

The Coleman Hardware have just received a new consignment of crockeryware. A carload of furniture is on the way which will arrive here about the last of the month and will be opened immediately in the spacious department which is being prepared for it on the second floor.

The Coleman Aerie, F. O. E. will vacate the rooms now occupied by them on the last of this month when the proprietor, D. J. Hill, will have them transformed into a large furniture store in connection with his hardware business. This will put Mr. Hill on an equal footing with many of the other leading hardware stores in the Pass, as they too carry a full line of house furniture.

THE BOXING

CONTEST

Hee-ree Give Unjust Decision—

Woods Gives a Scientific Display—Burrows Wins

The boxing contest which took place at the opera house on Tuesday evening drew several spectators from the nearby towns, but the house was not near crowded and because of this those present complied with the referee's wish that the bout be not more than ten rounds instead of fifteen rounds as was advertised.

Charlie Burrows and Sailor Woods, the two boxers, stepped into the ring at 10:40 amidst great applause and were shortly afterwards introduced to the audience. When this was done Walter Johnson stepped to the front of the stage and announced that he would be willing to meet Wm. Burrows in a boxing contest for a limited number of rounds sometime next month; this was immediately accepted by Burrows.

At 10:50 the contest started. The first round was about even. Near the end of the second round Woods went down to the count of nine. The third round was slightly in Burrows' favor. Woods was the better man in the fourth round. The fifth round was also slightly in Woods' favor and Burrows went down to the count of eight. In the sixth round Woods went down and out. Burrows has got a good punch and apparent, but does not stick to the rules of the game, while his brother James is as clean a boxer as can be found anywhere. Woods displayed more science all through the bout. Woods went out in a foul and the referee unjustly decided in Burrows' favor. We want good clean sport and it is hoped that whenever another boxing contest takes place here no such biased person will be the referee. It was hoped that Eddie Morino would referee this bout but he was unable to be present.

ATHLETIC CLUB

On Monday of last week the Lewis & Faulkner Athletic club was reorganized under the name of the Coleman Athletic club. The initiation fee was reduced from five dollars to three dollars. Amongst the club's numerous apparatuses are Indian clubs, dumb bells, horizontal and parallel bars, boxing gloves and many other useful things. We learn that the club will give an entertainment in the opera house here sometime in the near future. The following officers were elected for the current term: President, D. J. Lewis; treasurer, J. W. Faulkner; secretary, A. Easton; F. S. Wm. Jenkins. The trustees are: J. McKinnon, R. James and A. Stewart.

WOODS ISSUES A CHALLENGE

Sailor Woods is not satisfied with the result of Tuesday night's boxing contest and hereby challenges Charlie Burrows to meet him for a limited number of rounds any time after he (Woods) recovers from a blow which Burrows gave him below the belt on Tuesday evening last. Woods is willing to put up \$200 that he can beat Burrows inside of fifteen three-minute rounds. The bout to be governed by straight rules or clean breaks.

MORE NEW BUILDINGS

Many building permits have been recently issued and amongst them is one for a blacksmith shop to be erected for E. Spry and A. E. Knowles near their old shop at the west end of Second street. The building, which is in course of erection, is 50 x 35 and 25 feet high. As soon as the building is completed, new and expensive machinery will be installed and it will be one of the best equipped shops in the Pass.

ALBERTA RAILWAYS

In speaking of Alberta railways, the Nelson Daily News of the 17th inst. says in part:

A few days ago an obviously inspired paragraph relating to the railway policy of the liberals in the province of Alberta came through on the wires with the regular telegraph news service of The Daily News and was published in the ordinary course. The dispatch stated that the Alberta government, which is now appealing to the people of the neighboring province for re-election, had guaranteed the bonds of certain branch lines to be built in the province, chiefly by the G. T. P. and the Canadian Northern railways, to the extent of twenty-five million dollars, and that the province would as a result be grandfathered with railways, while, and this is the important point in return for its guarantee, the Alberta government had such a mortgage on these two great roads that their whole systems, in fact the whole railway system of Canada, must go bankrupt before the province could be called upon to pay one cent of the guarantee. This, if true, would certainly have been a most magnificent bargain for the government, and it is thus that the government has represented the bargain to the public of Alberta. But unfortunately, it is too good to be true and an examination of the original bills seems to place the Alberta government in the position of having attempted to deceive the public as to the nature of the bargain made. Unfortunately, owing to the peculiar methods used to prevent full disclosure of the nature of the government, such as the sudden springing of the election, the reorganization and increase in the number of constituencies, with the failure to supply copies of the bills relating to the railway policy until within the past few days, it is likely that the deception will be very largely accomplished.

Since the receipt of the dispatch mentioned at the beginning of this article, The Daily News has had an opportunity of perusing the original bills. In the first place, it may be pointed out that, with the exception of the Edmonton & Port McMurray line, 550 miles long, the amount guaranteed on which is \$7,400,000 exclusive of interest, there is absolutely no control of rates provided for in connection with this \$25,000,000 guarantee, with interest at 4 and 5 per cent payable half yearly. The folly of giving such a big guarantee without securing any control of rates, is sufficiently obvious, but when in addition to this, the security of the province, so far from being as represented by the Rutherford government, is really almost non-existent, the people of Alberta cannot be congratulated on the kind of bargain that has been made for them. As a matter of fact those clauses in the original bills that make the G. T. P. and the C. N. R. system as a whole responsible for the guarantee have been struck out. They are not there any longer. Furthermore certain subsidiary corporations that at present have little or nothing to pledge are made responsible. The C. N. R. has received a guarantee of bonds for the construction of 940 miles of road, the guarantee covering the principal and interest at 5 per cent for \$13,000 per mile, which by consent of the legislature may be increased to \$15,000. The guarantee runs for 30 years. The G. T. P. Branch Lines company's guarantee is for a similar amount, on the same terms, mileage 491 miles. Part of the C. N. R. lines are to be built by the G. T. P. The only condition imposed are that the roads must be built to a standard not inferior to the C. N. R. main line and that a certain mileage must be completed by a certain date. The road from Edmonton to Fort Macleod is guaranteed for \$20,000 a mile at 5 per cent. for 30 years and is ostensibly an independent line.

Thus, then is the bargain in railroad building about which the Rutherford government has been boasting so loudly and which it has represented to the public in such glowing colors. It claims a guaranteed guarantee in the cases of the G. T. P. and the C. N. R. which is not in either act. A great portion of the branch lines are to be built by subsidiary companies that have nothing to risk.

BAD MOVING PICTURE SHOW

To the editor of Coleman Miner

Dear Sir,—
The members of the Coleman band wish to thank the people of Coleman for the way they patronized the moving picture show given in the open house, on Monday night, under the auspices of the band but regret to say that it was not what it was represented to be. We wish to announce to the people of the Pass to be aware of such shows as the National Entertainment Company, under professor S. Mechel, as the show he put up was not worth ten cents but he charged fifty cents. He says his expenses are awful high and he cannot afford to put on a good show for that price. If not, he would satisfy the members of the Coleman band if he never came to Coleman again.
(Signed) ALEX. EASTON,
Sec. Coleman Band

ANOTHER BANK

To the editor of Coleman Miner

Dear Sir,—
Some little while ago I noticed an item in your paper which said that another bank would shortly extend its business to Coleman. Will you kindly inform me if this matter has been finalized.

Thanking you in advance for prompt attention to this matter.

I remain,

Very truly yours,

A RATEPAYER.

[It is now an accomplished fact that another bank will, in the course of a few months, open a branch business here.—Ed.]

est guaranteed cure for indigestion.

W. Lopetor who has been
section foreman here for about
a year, is leaving this week for
Hosmer, B. C., where he will
have charge of the section.
Mr. Lopetor made many friends
during his residence here who
wish him much success.

Mr. W. Pickett is erecting a
20 foot addition to the Foot
Hall building here which when
completed will make quite a
commodious building. He in-
tends putting in a general store

within a short time.

THE BRAVEST DEED EVER DONE

The exciting scene depicted at the
burning of a hotel at Abercrombie
the other day, when a domestic servant
risked her own life and met with
severe injuries in saving a babe from a
terrible death, recalls a similar but
far more tragic case which stirred all
the land to pity and admiration some
23 years ago.

The heroine of this latter episode
was one Alice Ayres. She was em-
ployed as a servant to a Mr. Chandler,
who kept an oil and color shop in the
Borough.

Five weeks out at dead of night, and
in a few minutes the lower part of
the house was a mass of flames. Mr.
and Mrs. Chandler and one of their
children were suffocated and burned to
death in their bedroom, although Alice
ran down to try and rouse them. Her
room was above theirs, on the third
floor. In it, beside herself, were the
three other Chandler children, the
eldest little more than a baby.

The brave girl first threw out a bed,
then dropped the little ones on it one
at a time, although she herself was
burning all the while. Then she
jumped herself.

Next day she lay dying in Guy's
Hospital and a nation mourned. Queen
Victoria sent one of her ladies-in-
waiting specially to enquire after her.
Bulletins were issued hourly, as from
the death chamber of a monarch.

After death, the hospital authorities
refused to allow her body to be placed
in the ordinary mortuary, but set aside
a special room for it, which was soon
nearly filled with floral emblems from
all parts of the kingdom, estimated to
be worth \$5,000. Twelve funeral boxes
her to her grave, and more than ten
thousand people attended the funeral
in Isleworth cemetery, where is a
magnificent obelisk, erected by public
subscription, in memory of the bravest
deed that ever was done.

SEEDING AT LETHBRIDGE

Lethbridge, March 13.—The farmers
of this district have considerably
seeded done. Homer Lyon, north of the
city, has one hundred acres of spring
wheat in. Others have smaller acreages.

LOANS TO SETTLERS

The following is taken from the
Conservative platform as adopted in
convention at Red Deer on February
13th and 14th and reprinted by request:

"This convention pledges the Con-
servative party to the advocacy and
support of the legislation which will
enable government aid to be granted
towards the making of loans to settlers
and workers at a low rate of interest
or legislation along the lines of that
enacted in this respect in Australia
and New Zealand."

The financial needs of settlers are
well known, and if the government is
able to afford relief without involving
itself in embarrassing obligations it
should do so. The lending of money
to settlers on easy terms finds ample
precedent in New Zealand and Aus-
tralia. New Zealand began it in 1904.
It was a time of widespread indus-
trial depression and settlers and farm-
ers generally were finding it difficult
to procure money and interest was
high. The government was able to
advance \$100,000 at 3 1/2 per cent, and it
could borrow at 10 per cent, if it
turned to the market.

In 1904 an act was passed empow-
ering parliament to borrow \$15,000,000.
In the following year a 3 per cent.
loan was floated in London. This was
used on first mortgage on land used
for farming, dairying, and market
gardening, no loan being less than
\$125 nor more than \$15,000. Loans
are of two kinds, fixed and floating—
the first being for a short and the
second for a long term. Payments
are made half yearly; the rate of
interest is usually 4 1/2 per cent. The
average loan is \$1,500. In this way
more than \$13,000,000 has been loaned
to New Zealanders at 4 and 5 per
cent. The system has been very profit-
able to the government, the net pro-
ceeds being about \$500,000 a year.

One of the great advantages is that
the borrower saves the payment of
commission and many other charges,
payments being made through the
post-office. Several of the Australian
states have followed the example of
New Zealand, i.e., West Australia,
South Australia, Victoria, Tasmania
and New South Wales; in these states
the total advances exceed \$25,000,000.

The conditions under which money
is loaned to the settler in this province
are very heavily upon him. Not
only must he pay from 3 to 12 per
cent, but the expense of obtaining the
loan reduces the amount he actually
receives by \$30 or \$40. Government
loans, by eliminating the middleman,
would reduce their cost to the bor-
rower.

JAPAN'S ATTITUDE TOWARD ENGLAND

Peking, March 13.—The belief prevails
in the highest of the land diplomatic
circles here that Japan is again un-
derstandingly endeavoring to secure the
most understanding with Germany.
This move is construed as evidence
of Japan's realization of the weaken-
ing of the Anglo-Japanese alliance.
The weakening is attributed to three
causes:

First, a strained official relations due
to the British government's criticism
of Japan's refusal, despite the alliance
provisions, to co-operate in representa-
tions to China relative to Yuen Shih
Kai's dismissal.

Second, the influence upon London
of the increasingly active anti-Japan-
ese campaign by the British Asian
commercial interests.

Third, the Japanese assumption that
German influence is supplanting Brit-
ish in China, due to the regent's pre-
sumed pro-German proclivities.
China's acceptance of a German loan
for the Yangtze valley railways, im-
mediately following an 80 per cent re-
duction in the German force at Peking
and Tientsin, is construed by the Japanese
as proof that German influence is
predominating.

If you will put your work into our hands we will give you the best treatment possible. Our Job Work is the result of a careful study in the printing and advertising art worked out by thoroughly competent artists, with the latest styles of type and modern machinery to help them.
